**Re: Altamont Rd. Solar Project**  
Borrego Solar Systems  
Town of New Scotland, Albany County

Dear Mr. McGlynn:

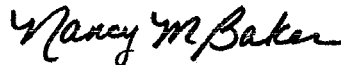

We received your letter requesting a permit jurisdiction response for the proposed Altamont Road Solar Array by Borrego Solar Systems.

There are no known State or Federal wetlands on the project site, and no regulated streams which would require a permit. If the project disturbs over one acre, you will need to obtain coverage under Stormwater SPDES regulations.

The site is located within 1.2 miles of a Northern Long-Eared Bat hibernacula and within 2.5 miles of an Indiana Bat hibernacula. Therefore, any tree cutting associated with the project must be conducted between November 1 and March 31 to avoid a Part 182 Incidental Take permit.

No other permits or approvals are required for the project. If you have any questions, please contact my at (518) 357-2452 or at [nancy.baker@dec.ny.gov](mailto:nancy.baker@dec.ny.gov).

Sincerely,

Nancy M. Baker  
Regional Permit Administrator
