Town of New Scotland
Proposed
Local Law A of the Year 2016

A local law amending the Planning Board and Zoning Board Term Limits.

Be it enacted by the Town Board of the Town of New Scotland as follows:

Section I. Purpose and Findings

The Town of New Scotland adopted: (1) Local Law No. 3 of the Year 2010; and (2) Local Law No. 2 of the Year 2011, which laws amended certain provisions of the Town Code, and imposed term limits for Planning Board and Zoning Board of Appeals members, respectively. Due to the limited number of qualified candidates who are willing to serve as members of the boards and the overall population of the Town, the Town Board has found that the term limits can be unduly restrictive. To retain qualified members of the Planning Board and Zoning Board of Appeals who would otherwise be ineligible to serve, the Town Board has determined that the Town Code should be amended to allow a procedure for making exceptions to the term-limit rules in certain circumstances on the affirmative vote of a supermajority of the Town Board.

Section II. Authority

This law is enacted by the Town Board of the Town of New Scotland pursuant to its authority to adopt Local Laws under Article IX of the New York State Constitution, Article 18 of the General Municipal Law, and the Municipal Home Rule Law.

Section III. Amendments

A. Section 190-89 of the Town Code of the Town of New Scotland is hereby amended by adding the following subparagraph (G) to § 190-89:

(G) Notwithstanding the provisions of Section 190-89(D) of the Town Code to the contrary, if, in the opinion of the Town Board, reappointment of a member of the Planning Board who has served two full terms (ten years) is in the best interest of the public, given the member's qualifications and experience, the Town Board may, by a supermajority vote, reappoint the Planning Board member whose term has expired for an additional term or terms. A supermajority

vote requires the affirmative vote of four of the five members of the Town Board.

B. Section 190-70 of the Town of New Scotland Town Code is hereby amended by adding subparagraph (F) to § 190-70:

(F) Notwithstanding the provisions of Section 190-70(D) to the contrary, if, in the opinion of the Town Board, reappointment of a member of the Zoning Board who has served two full terms (ten years) is in the best interest of the public, given the member's qualifications and experience, the Town Board may, by a supermajority vote, reappoint a member of the Zoning Board of Appeals whose term has expired for an additional term or terms. A supermajority vote requires the affirmative vote of four of the five members of the Town Board.

Section IV. Severability

If any word, phrase or part of this law shall be declared invalid or unconstitutional, the same shall be severed and separate from the remainder of the law, and said remainder shall continue in full force and effect.

Section V. Effective Date

This local law shall be effective upon filing with the Secretary of State.

Section VI. Repeal of Other Laws

All local laws in conflict with provisions of this Local Law are hereby superseded.

(Complete the certification in the paragraph that applies to the filing of this local law and strike out that which is not applicable.)

1. (Final adoption by local legislative body only.)

I hereby certify that the local law annexed hereto, designated as local law No. ____ of 20____ of the Town of New Scotland was duly passed by the New Scotland Town Board on _____ 20__, in accordance with the applicable provisions of law.

LEASE AND LICENSE AGREEMENT
[For Water Tank and Facilities at Town Highway Garage]

This Lease and License Agreement (the “Agreement” or “Lease”) is entered into as of the ___ day of April, 2016 by and between the Town of New Scotland, New York with an office at 2029 New Scotland Road, Slingerlands, New York 12159 and the New Salem Water District with an address at 2029 New Scotland Road, Slingerlands, New York 12159.

Recitals:

WHEREAS, the Town of New Scotland, Albany County, New York (the “Town”) owns certain real property on NYS Route 85 known as Tax Map Nos. 82.-2-9 and 82.-2-10, which is the location of the Town Highway Garage;

WHEREAS, in 2015, the New Salem Water District (the “Water District” or “District”) constructed a water tank (and related improvements) on a portion of the Town Highway Garage property, which is depicted on **Exhibit A** to this Lease;

WHEREAS, water main lines were installed on, and under, the Highway Garage property to supply water to the water tank, and to service the Water District;

WHEREAS, the parties wish to enter into: 1) a lease agreement for the water tank facility, which is owned by the Water District; and 2) a license for the water lines and access to the water tank;

WHEREAS, the Water District has allocated an annual unit charge to the Town for the Highway Department water use, and the parties have agreed that the annual charges that would otherwise be charged to the Town shall be the rent for the Water District’s use of the Town property;

NOW, THEREFORE, in consideration of the premises, the rent and charges set forth in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Leased Premises. For and in consideration of the mutual covenants and agreements set forth in this Agreement, the Town hereby leases to the Water District the property depicted in red on **Exhibit A** to this Agreement, which is entitled “Water Storage Lease Plan” prepared by Stantec (the “Plan”), and which consists of approximately 3,637 square feet of land surrounding the water tank (the “Leased Premises”) at the Town Highway Garage property, located on NYS Route 85 in the Town of New Scotland, Albany County, New York.
2. Licensed Premises. The Town hereby grants a License to the Water District: (A) to access the water tank via the internal driveways and roads on the Highway Garage property for maintenance, repairs, inspections, monitoring, replacement, and such other usual and customary actions needed to maintain the water tank; and (B) to construct, repair, maintain, inspect, and replace the water lines located in the area depicted in green on the Plan, which area is approximately 15,478 s.f. and shall be known as the “License Area.”
3. Term. The term of this Lease shall commence as of January 1, 2016, and end on December 31, 2066, a term of 50 years. The license term is for one year and shall automatically renew each year unless revoked.
4. Rent. In consideration of the Lease, the Water District shall pay, on an annual basis, the Town a sum equal to the amount of the unit water charge that would otherwise be assessed to the Town Highway garage for each calendar year. For

the calendar year 2016, the rent shall be \$338.95, which is equal to the unit amount assessed to the Highway Garage. The payment shall be processed as a waiver of the charges that would otherwise be assessed on the Water District. It is understood and agreed that the water charges attributable to the Highway Garage may fluctuate, or increase, over the 50 year term of this Lease and the rent payable shall be adjusted, on an annual basis, to a sum equal to the unit charge that would otherwise accrue to the Town.

5. Repairs and Alterations. The Water District shall maintain the water tank premises in good condition and repair, shall make all structural repairs and replacements necessitated by any cause attributable to the water tank or the Water District's use of the Leased Premises for water storage and related activities. The Water District shall make all repairs or replacements to Water District infrastructure at its sole cost and expense. The Water District shall have no authority to create or place any lien or encumbrance of any kind whatsoever upon the Leased Premises. The Water District covenants and agrees promptly to pay all sums legally due and payable by it on account of any labor performed on the Leased Premises upon which any lien is asserted. The Town shall have the right to enter upon the Leased Premises at all reasonable hours for the purpose of inspecting said premises.
6. Damage To or Destruction of Premises. If the structure (water tank) on the Leased Premises is damaged by fire or other casualty, the Water District shall, without further notice to the Town, repair or replace said structure. In the event the Water District elects not to repair or replace the structure, the Town may

declare this Lease terminated as of the date the Water District notifies the Town it will not repair or replace the damaged structure.

7. Title to Water Tank Structure. The water tank structure shall remain and continue to be the sole and absolute property of the Water District, and the Water District shall insure it at the Water District's sole cost and expense. The water tank may be removed at the expiration or termination of this Lease, provided, however, that the Water District shall repair or replace any damage resulting from such removal.
8. No Right to Assign/Sublet. This Lease is for the sole purpose of facilitating water storage and distribution for the Water District; the District cannot use the Leased Premises for any other purpose. The Water District shall not assign this Lease or sublet the Leased Premises, or any portion of the Leased Premises, without the Town's prior written approval.
9. Income from Sublease. In the event the Water District wishes to sublet a portion of the Leased Premises for another use (e.g., a cellular telecommunications facility), the Water District shall present the proposal and terms to the Town. If the Town consents to a sublet of the Leased Premises, one hundred percent (100%) of the rental income and/or revenue generated from a third party's use of the Leased Premises shall be allocated to the Town (unless the parties agree, in writing, to another allocation of the rental proceeds).
10. Miscellaneous.
 - A. Notices: Any notice required to be given by any party to this Agreement shall be delivered via the United States mail (certified-return receipt) or by

overnight courier to the address listed above or such other address designated in writing by the parties.

- B. Complete Agreement: This Agreement contains the entire agreement between the parties hereto with respect to the matters contained herein and it may not be changed, altered, modified, limited, terminated, or extended orally or by any agreement between the parties unless such agreement is in writing and signed by the parties hereto.
- C. Law Governing: This Agreement shall be construed in accordance with the laws of the State of New York. The venue of any action arising out of this Agreement shall be in the Supreme Court of the State of New York, Albany County.
- D. Survival. The provisions of the Agreement relating to indemnification from one party to the other party shall survive any termination or expiration of this Agreement. Additionally, any provisions of this Agreement which require performance subsequent to the termination or expiration of this Agreement shall also survive such termination or expiration.
- E. Indemnity. In the event any person is injured while servicing or maintaining the water tank or the District's water lines, the Water District shall defend, indemnify, and hold harmless the Town for any damages, claim, or loss arising therefrom, including attorneys' fees.

IN WITNESS WHEREOF, the parties have hereunto signed this agreement on the day and year appearing opposite their respective signatures.
